# **INTRODUCTION**

---

Idaho Code §33-1708 states in part: .... Annually, not later than the first day of September, the state superintendent of public instruction shall cause the supervisor of driver training to prepare a report showing the actual expenses incurred in administering and supervising the driver training program during the preceding fiscal year ending June 30.

IDAPA 08.02.02.240.01, Section 5.1. Report of Students Enrolled. (Commercial) Schools must submit to the Department of Education a report that includes the total number of students enrolled, passed, failed, and withdrawn during the previous fiscal year between July 1 and June 30. The report must be submitted by August 1 of each year.

## **DRIVER EDUCATION SUMMARY**

This report provides an overview of the Idaho Driver Education and Training Program and costs incurred by school districts offering driver education during the Fiscal Year 2006 (July 1, 2005-June 30, 2006); includes teen driver education enrollment for commercial driving schools; the number of collisions involving driver education vehicles, program enhancements, and achievements for FY2006.

## **PROGRAM GOALS**

Identifies goals met for the previous year and for the goals for the next fiscal year.

## **PUBLIC SCHOOLS STATISTICAL PICTURE**

This report summarizes student enrollment, expenditures, and reimbursements from the state.

## **PUBLIC SCHOOLS FINANCIAL SUMMARY**

This report summarizes the Controller's fund balance, monthly receipts, administrative and training costs and reimbursement payments to school districts made by the State Department of Education.

## **INDIVIDUAL DISTRICT REPORTS**

Four tables show, by district, the annual student enrollments, operating expenses, reimbursements, and teachers' hourly salary rates. One table groups districts of similar size and indicates the number of students enrolled therein.

## **LICENSED COMMERCIAL DRIVING SCHOOLS**

This list identifies the name and location of all licensed commercial driving schools.

## **COMMERCIAL DRIVING SCHOOLS TEEN DRIVER TRAINING**

This report summarizes teen student driver enrollments.

# **DRIVER EDUCATION SUMMARY**

---

Beginning in FY 2007 (July 1, 2006) the title of the Driver Education Specialist was changed to Driver Education Coordinator. These changes were made across the department to better reflect the tasks of positions within the department.

## **Enrolled Teen Driver Students**

One hundred, five (105) public school districts reported claims for reimbursement for teen driver education and training during Fiscal Year 2006 (July 1 – June 30). Idaho's public schools were reimbursed for 12,111.50 students, an increase of 5% from fiscal year 2005. Not all students trained during this fiscal year are shown on this report because summer courses extending into the next fiscal year result in reimbursement to districts the following September (the next fiscal year).

Thirty-eight (38) commercial driving schools offered driver education and training; all but one provided training for new teen drivers. There were 45 sites/locations approved for commercial driver education and training. 6123 teen students were reported trained by the licensed commercial driving schools offering training, and increase of 6.5% from fiscal year 2005.

Using the Fall Enrollment by grade for Idaho public schools, if we assume that the total FY2006 ninth grade public and non-public school enrollment of 21,558 students was the potential driver education student population, and a total of 18,234 students took driver education and training from either a public school or commercial school, then approximately 56% were enrolled in public schools and 28% were enrolled in commercial driving schools. Assuming the fall enrollment is accurate, and then of the eligible students, 85% were enrolled in driver education.

## **Public Schools Financial Overview**

The total districts' cost for operating the public school driver education program for FY2006 was \$3,114,882.32. Of that amount, students paid \$1,286,303.75 (41%) in fees and after deducting student fees, school districts were reimbursed \$1,464,494.12 (47%).

The average district cost per student was \$257.18. The adjusted cost after deducting student fees was \$150.98. The average state reimbursement was \$120.92 per student. 34% of the districts did not receive the full reimbursement of \$125.00.

The average student fees increased 5% from FY 2005 from \$87.12 to \$91.50.

Instructor wages increased 4% from an average of \$16.93/hour to \$17.61/hour.

Expenses for operating the driver education vehicles contributed to 21% of the total cost for driver training.

## Crashes

Eighteen (18) crashes involving driver education vehicles were reported during FY2006, up 16% from FY2005. When a crash was a student driver's fault, it was typically caused by an error in judgment for time and space management. Four (4) crashes were caused when an inattentive driver rear-ended or backed into a driver education vehicle. Eleven (11) crashes occurred in parking lots, garages or while the driver education vehicle was stopped. Three (3) animal incidents occurred, one involving only the instructor.

## Graduated Driver Licensing

The Graduated Driver Licensing Law requires parents/guardians to provide 50 hours of supervised practice with their teen drivers. The Department developed and makes available a practice guide for the required supervising driver practice. During fiscal year 2006, 17,569 copies of the *Supervising Driver Practice Guide* were distributed by the State Department of Education, at no charge to any school requesting the guide. The guide is also available in a Spanish edition. The guide can be downloaded at the following web site: [www.sde.state.id.us/drivedred](http://www.sde.state.id.us/drivedred).

## Instructors

During FY2006 there were 299 licensed public school driver education teachers; and 72 licensed commercial driving school instructors, of which some also teach driver education for a public school.

Teacher preparation for driver education was completed at three of the state's universities:

University of Idaho, June 2005- December 2005, 11 teachers completed the course.

Idaho State University, June 2006- December 2005, 12 teachers completed the course.

Boise State and NNU, January 2005 – March 2006, 26 teachers completed the course.

## Workshops and Professional Development for Teachers

During FY2006, eight (8) driver education workshops were conducted between March and May 2006 in the six regions of the state. Two workshops in Boise, one in Coeur d'Alene, Idaho Falls, Lewiston, Nampa, Pocatello, and Twin Falls.

Comments and a more detailed summary of the workshops are available on-line at [www.sde.state.id.us/drivedr](http://www.sde.state.id.us/drivedr) . All teachers attending were provided with the "Drive for Students" program through the cooperative efforts of the SDE and Idaho Transportation Department, Office of Highway Safety. Teachers also completed the review and updating of the Content Standards and Benchmarks.

In January of 2006, the Department teamed with Eiguren Driving School of Boise to provide a one-day professional development workshop for commercial schools in the Treasure Valley. The department and Eiguren Driving School have scheduled this to be an annual event. The next workshop is scheduled for January 13, 2007.

### Centerline

During FY 2006, the department re-established the regular publication of the newsletter for driver education instructors, administrators, owners and superintendents. The newsletter provides instructors with communications from the department and provides a place for teachers to share information from their individual programs. Centerline was published in September 2005, January 2006, April 2006, and June 2006. Some of the highlights included new legislation from the 2006 legislative session, winners of the Operation Lifesaver (Railroad safety program) Speech Contest winners and pictures and activities from driver education instructors. Past copies are available on the department's web page: [www.sde.state.id.us/drivedr](http://www.sde.state.id.us/drivedr)

### Parent Web Page

The department web page was updated to include a Parent/Student information page. That page is linked with the Idaho Transportation Department, Driver Licensing page and Office of Highway Operations web pages. The main page provides parents and students an explanation of the process for enrolling a student in a driver education course, contact information to public and commercial driving schools, links to skills testers and answers some of the questions parents have asked.

# The Goals for Idaho's Driver Education Program

---

The FY 2006 Goals of the driver education division were:

1. Complete the development of the model curriculum guide for Idaho's driver education and training program to help ensure all students are trained in the content standards and benchmarks that can establish good habits driving.  
*This goal should be achieved by the spring of 2007. Unforeseen delays and changes in staff contributed to the need for extending the goal date.*
2. Conduct a state conference to train teachers on methods and techniques to adopt and adapt the Content Standards and Benchmarks, and curriculum guide to their program.  
*This goal was achieved with the eight regional workshops. See the Workshop and Professional Development section.*
3. Encourage and support high standards and practices for driver education teacher certification classes.  
*Teacher certification classes were completed. See the Instructors section.*
4. Provide direction and leadership to the driver education and training community to promote and support the best practices in driver education.  
*This is an ongoing process. The goal is met through providing training opportunities to instructors.*
5. Assist with proposed rules.  
*No rules were proposed for FY 2006.*
6. Monitor programs for compliance with current rules, laws, and standards.  
*This goal was not met due in part to changes that need to be made in the process based on changes in the rules. Compliance to form submissions has been initiated with the public and private/commercial driving schools.*
7. Review forms, policies, and standards for driver and traffic safety education programs to ensure they are current and effective.  
*This has been an on-going process and will continue to be.*

# **The Goals for Idaho's Driver Education Program**

---

The FY 2007 Goals of the driver education division are:

1. Complete the curriculum guide for Idaho's driver education and training program to help ensure all students are trained in the content standards for the Spring 2007 workshops.
2. Conduct state workshops to provide teachers with professional development opportunities on methods, techniques and programs to promote personal and professional growth.
3. Establish and publicize instructor trainer opportunities in at least three regions of the state on a regularly scheduled basis.
4. Provide direction and leadership to the driver education and training community through open communication.
5. Establish collaborative relationships with teachers and other agencies that promote driver education and training.
6. Monitor programs for compliance with current rules, laws, and standards.
7. Review forms, policies, and standards for driver and traffic safety education programs to ensure they are current and effective.

### Comments:

Finish modules and review them  
 Observer activities  
 More classroom activities/demos  
 More activities for btw  
 More DRIVE Program  
 Like to see Skid Monster  
 Like to see Drunk Goggles  
 Give more helpful classroom presentations for students  
 Police, insurance speakers  
 More consistent BTW grading system  
 Like guest speakers and enjoyed the roundtable discussions  
 More instruction on how to implement the standards and benchmarks  
 Laws, DE clarifications  
 Review new videos  
 Test bank for the whole course  
 Less modules and content standards and benchmarks  
 Let this be the last time we pick apart the standards and benchmarks  
 Shorter subjects  
 Less lag time  
 Just going over the benchmarks was boring  
 Information on how DE teachers can work with ITD in our area to improve road conditions  
 I liked the way Kelly took time to talk to each school district table and called on us by our names.  
 Kelly made two very long days pass relatively quickly, Thanks for everything  
 I really enjoyed the more "laid back" approach. Thanks, I learned many new things  
 I enjoyed your realistic calm considerate approach. Thanks for all you did.  
 Great facility  
 Great Job  
 Great food  
 External noise a problem  
 Room was too hot  
 Thanks!  
 Thanks for a great workshop  
 Well done, Thanks  
 Great Workshop  
 More "PEP" ideas  
 Drive Program for Parents  
 ISP Presentation and Q & A period  
 More on Reference Points  
 More guest speakers on various topics related to DE  
 More special guests, more sharing of experiences/ problem solving with instructors  
 More speakers- Old DE teachers speak

Improving student concentration and focus  
Ideas for classroom  
Professional and ethical treatment of teachers  
Put videos on display  
In-car activities--Practical application  
Informative with ideas for teaching- Tools to Use  
Very well done-Interesting and informative  
Bring Mark back-He was great  
Review experiences to avoid unsafe actions  
The workshop was informative and organized-Thanks for the hard work  
Thank you-Great resources and website form retrieval info  
Great conference-Keep up the good work  
Appreciate the attitude  
Thanks for the no "Blame/Shame" attitude  
I really enjoyed the agenda diversity for this workshop. I like the face-to-face interaction you made happen with your leadership style  
Group work was lovely presentation style  
Good interfacing on personal and professional level  
Would like more In-car instruction practices  
More hands on activities for classroom  
Local workshops please  
Would like work time for individual curriculum, alignment and review  
Motorcycle and DE in Boise  
Good to go over Content Standards and Benchmarks again  
More hands-on activities  
Loved class participation  
Good food, cold room, conversation lively  
Place was great-best food since coming to DE workshops  
Need to cover Roundabouts  
More info on Mod 9- Vehicle Control  
More hands on activities  
Skid Monster at Idaho Center  
Next modules for curriculum  
More "Drive Program" challenge exercises  
Regional workshops continued  
"Drive Program for Parents"  
Start and end day earlier  
Too much down time on second day  
Drive Program was of special interest-effective for teen attitudes and teaching strategies
